You'll see your paychecks here. Clickbank pays every 2 weeks... but there are certain criteria you must meet before you'll receive your first paycheck.

Here's what they say about payments.

Getting Paid -

Obviously, the goal of being an affiliate is to get paid for your efforts. To receive your first commission payment, there are two requirements:

1. You must reach your [payment threshold](#), which you set in your Account Settings.
2. You must meet the [Customer Distribution Requirement](#).

For more details about these requirements, please see our [Accounting Policy](#).

Once you've met these two requirements, you can start receiving payments. For more details about ClickBank's payment schedule see [Paychecks](#).

If you're located in an eligible country, once you've received three paper checks from ClickBank within a 12-week time period, you can start receiving payment via direct deposit. Once you become eligible for direct deposit, you can specify this as your payment method in Account Settings->Payment Information. If you are not within a country supported by direct deposit you may be eligible to receive wire payments.

You'll immediately see hundreds of entries. Let's break down what all those numbers mean.

\$/sale – is the commission you could make on the sale.

Future \$ - is the recurring commission, if this is a subscription product.

Total \$/sale - For one-time purchases, this number is the same as \$/sale. For recurring billing products, it equals the average total of the initial sale plus all rebills, divided by the number of initial sales. To put it simply, for every new purchase of this product, this amount is the average you'd make in total over the life of the new customer. However, this is just an average; this amount is not guaranteed.

%/sale – how much percentage you earn from each sale.

%refd - This is the percentage of sales that were referred by affiliates. This can give you an indication of how popular a product is with affiliates, and how competitive it might be to promote it.

grav - Short for Gravity, this number represents a unique calculation by ClickBank that takes into account the number of different affiliates who earned a commission by promoting this product over the past 8 weeks. Since more recent transactions are given a higher value, this number can give you an idea of what products are “hot” at the moment, in terms of being promoted by many affiliates and making a good number of sales. However, high gravity can also indicate

that there will be a lot of competition in promoting this product.

Create Hoplink -

This process of searching can get very confusing, but it's doable. You can search for niches you know about... find a product, create a blog around it, build a list of people interested in that niche... the possibilities go on and on.

I use Clickbank products in my emails series... First I find a free ebook to give away... to entice people to sign up to my list. From there, I offer them products related to the ebook they said they were interested in. All of those are from Clickbank.

A product that I use to help me find products is [Affiliate Elite](#). It's a comprehensive search tool.. that puts all the products in perspective for you.

And.. at \$4.95 for the first 30 days... it's worth it to try out.

When you first open up [Affiliate Elite](#), you'll see this:

It will also allow you to open the sales page in your browser, or create your hoplink.

Right click on the product name, to see your options.

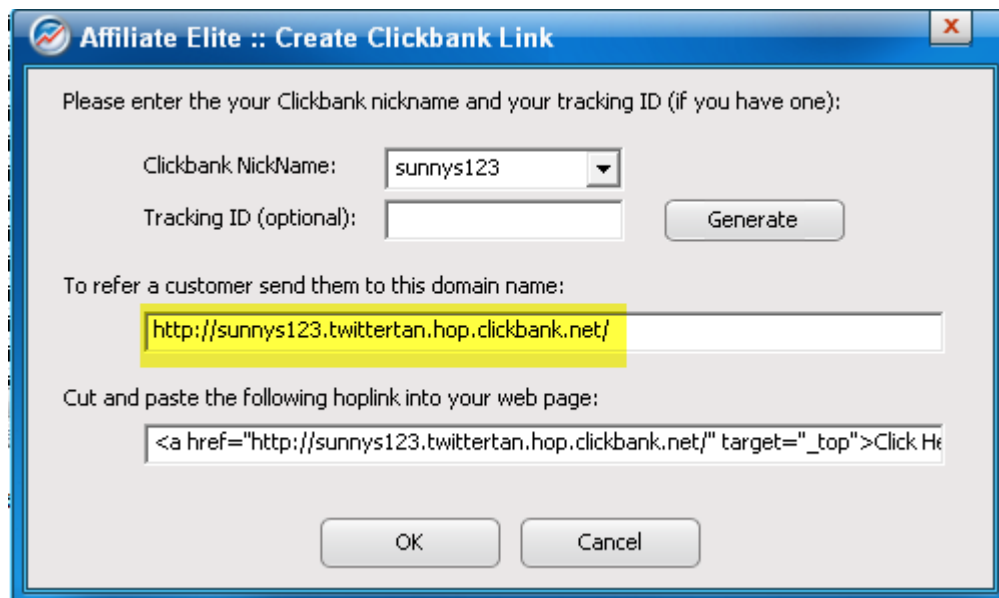

When you choose “Create Clickbank Link” you'll see

A screenshot of a dialog box titled 'Affiliate Elite :: Create Clickbank Link'. The dialog box has a blue title bar with a close button (X) in the top right corner. The main content area is light gray and contains the following elements:

- A text prompt: 'Please enter the your Clickbank nickname and your tracking ID (if you have one):'
- A label 'Clickbank NickName:' followed by a dropdown menu showing 'sunnys123'.
- A label 'Tracking ID (optional):' followed by an empty text input field.
- A 'Generate' button to the right of the Tracking ID field.
- A text prompt: 'To refer a customer send them to this domain name:' followed by an empty text input field.
- A text prompt: 'Cut and paste the following hoplink into your web page:' followed by an empty text input field.
- 'OK' and 'Cancel' buttons at the bottom.

Click “Generate” to make your Hoplink.

Now, this is unencrypted. It's really not likely that people will “steal” your commissions by changing your username, like so many products claim.

However, if you're still leery, and you have your own domain, I've written a short report on redirecting your links, [that you can download here](#).

So, [Affiliate Elite](#) is a program that will help you compare data on all the products, and even check out the sales pages, so you can make the best decision on which products to promote.

A site that has all of this done for you, is [Daily Niche Idea](#). Cindy's gathered articles and Clickbank products for over a year, with a new niche idea each week. At [Daily Niche Idea](#), you can search for the things you're interested in, download articles, and grab Clickbank products to sell.

The download contains PLR rights to the ebook, the ebook itself that you can change in anyway, even put your name on it! You could also build a blog, and use the ebook for your articles.

Every week, Cindy gives you all the information you need, plus a tutorial on how to set up your new niche. Jon Olson calls it a “no brainer”!

One last (but not least) Clickbank charged program is [Clickbank Pirate](#). Now, this is a pay to join program, but what an awesome program It is.

What happens is.. you pick one of the products they have available. There are a lot of promo tools to use, including a squeeze page.

You drive traffic to the squeeze page, and they collect the leads for you. They manage and monetize the list... all sales go directly to your Clickbank account.

Can you imagine having Soren Jordansen email for you? Just keep getting signups, and watch the commissions roll in to your Clickbank account!

Conclusion -

Yes... I've told you about several different directions you can take when it comes to promoting and making money with Clickbank.

The best way to do it, in my opinion, is to build a list of subscribers, and let them know about the products through your email series. Using Traffic Exchanges is a great way to build your list.

Here are 4 Traffic Exchanges I use every day, to add people to my lists.

[BootScootinTraffic](#)

[Soaring4Traffic](#)

[NexusExchange](#)

[MaxTrafficPro](#)

If you don't know how to build a list, [All About My First List](#) is a program that will help you get one going in 10 days! (or less!)

Thanks for your time!

Sunny Suggs!
